News of the Month

State Historic Preservation Conference

COMING SOON on MAIN STREET NEAR YOU!

Great news Main Street fans! Guymon has been selected as the site for the 2011 State Historic Preservation Conference. In April of this year, Main Street Guymon submitted a proposal to host this conference in our community. We were notified a while later in May, that our proposal was approved, pending the completion of a few documents.

This will be a huge event for our community and will require everyone's support and participation. As this is required training for all Oklahoma main street managers, our community will see people from all across the state visiting for several days. Because of our location, expectations are that our counterparts in neighboring states will be in attendance as well. What a great opportunity to showcase our town to a group of great folks that might not normally get to our area!

As we move forward in this endeavor, we will keep you posted on meetings and our progress. Please give us a call if you would like to be involved in this project! Thanks in advance for all you do!
